

ARCHITECTURE OF GRACE

Illinois SEL Learning Standards Crosswalk

All ten Illinois SEL Learning Standards, and what carries each one — first the curriculum a student actually meets, then the evidence a teacher can put in front of an evaluator. The Goal Builder tags a generated goal with its standard, goal area and stage-appropriate benchmark; that tagging is the last column, not the first, because a standard is met in a room before it is recorded in a dashboard.

One clarification a district should have. The Goal Builder writes **social-emotional** goals, aligned to these standards. Reading, mathematics, writing, functional and transition goals are written and monitored in **IEP Progress**, which is a different tool with a different job and carries no SEL standard tag. A district reading only the first line of an older version of this sheet could conclude every goal this framework writes is an Illinois SEL goal. It is not.

Goal 1 · Self-awareness & self-management

IL SEL	Standard focus	Grace competency	What the student does	Evidence on record
1A	Identify and manage one's emotions and behavior.	The Pause · Release / Boundary	Names the feeling before acting on it; uses a Pause routine; Quiet Space when the body needs it. Books 1–6, Unit 1.	Check-in bands over time; Daily Log; Emotional Regulation domain.
1B	Recognize personal qualities and external supports.	The Coach Voice · Identity	Identity Audit (w1); the anchor chart that stays on the wall; naming one trusted adult by name.	Self-Compassion domain; the trusted-adult item, flagged on its own.
1C	Demonstrate skills related to achieving personal and academic goals.	Goal Builder · Coach Voice · the practice pages	Thirty interactive activity pages — mathematics, number concepts and data, science vocabulary — each with three sets, a lock row, <i>Go again</i> , and an item-by-item record the student can print. Letter to My Future Self (w4).	Probe records by sub-skill band; IEP Progress with baseline, target, aimline and a four-point rule; goal objectives by reporting period.

Goal 2 · Social awareness & interpersonal skills

IL SEL	Standard focus	Grace competency	What the student does	Evidence on record
2A	Recognize the feelings and perspectives of others.	The Charitable Read	Scenario card decks; the novels' cohort read across five Rooms; perspective work in the lesson itself.	Social Competency & Repair domain; teacher observation lines.

IL SEL	Standard focus	Grace competency	What the student does	Evidence on record
2B	Recognize individual and group similarities and differences.	The Charitable Read · community lessons	Community lessons; the autism-adapted chart sets, which teach difference as design rather than deficit.	Class trends; the adult team check-in where a colleague sees the same student differently.
2C	Use communication and social skills to interact effectively.	The Repair Move · community lessons	Talk It Out — the whole-class board, built live on the projector — plus the eleven live anchor-chart boards and the scenario decks.	Exit slips; Daily Log language prompts; what students said, in their own words.
2D	Prevent, manage and resolve interpersonal conflicts constructively.	The Repair Move · the Repair Protocol	The five-step Repair Protocol, taught K through adult and rehearsed before it is needed. Rewriting the Script (w6).	Repair moments logged; the restorative crosswalk's decision points; MTSS tier movement over time.

Goal 3 · Decision-making & responsible behavior

IL SEL	Standard focus	Grace competency	What the student does	Evidence on record
3A	Consider ethical, safety and societal factors in decisions.	Release / Boundary · Difficult-vs-Unsafe	Values Under Pressure (w2); the difficult-versus-unsafe distinction, taught explicitly as a skill.	Items 17 and 19 — telling difficult from unsafe, and doing something about it. 19 is asked and never scored.
3B	Apply decision-making skills to daily academic and social situations.	The Pause + The Repair Move	Choice & Agency Map (w3); scenario decks; the thirty activity pages, where a wrong move is a move you can take again.	Probe records; check-in bands read beside them; the Daily Log.
3C	Contribute to the well-being of one's school and community.	The Grace pillar · mentoring band	The mentoring band; Book 6, The Dwelling, which carries the same cohort into adult life; the Home Editions, which put the vocabulary in the house.	Home check-in and home observations; Family & adults; the adult team check-in — the community-scale instruments.

Where the standard is actually met. Every row above is answered first by something a student holds — a book, a chart, a card, a worksheet, a practice page — and second by something a teacher can show. That order is deliberate. A standards crosswalk that leads with a dashboard is describing a screener with lessons attached, and that is not what this is.

The Illinois SEL Learning Standards are the State's; the goals, standards and grade-band benchmarks are cited here for alignment reference and all descriptions are Architecture of Grace's own. Each generated SEL goal cites its standard, goal area and stage-appropriate benchmark. Reading, mathematics, writing, functional and transition goals are written in IEP Progress and carry no SEL standard tag. Review and adapt before submitting to a district. · **Architecture of Grace — SEL built by a teacher, for real classrooms.**
