

PILOT QUICK-START

Self-Reflection

For Specialists & Support Staff

A five-minute orientation for counselors, psychologists, social workers, SLPs, OTs, and behavior staff.

1 Open the site

Go to architectureofgrace.org (laptop, tablet, or phone). It works offline once loaded.

2 See how it connects

Tap Explore the Framework — the four pillars and how one answer becomes a next step.

3 Run a self-reflection

Begin Self-Reflection > Student > grade band > Quick or Thorough, with a student you support.

4 Open the MTSS report

Dashboard > MTSS Report (gold button) for tier movement and an auto summary. No data? Load demo data.

5 Find the materials

The Library maps lessons, anchor charts, and scenario cards to each need.

Pair it with the Calm & Regulation Tools

Under Explore > Calm & Regulation Tools you'll find short, guided resets — breathing, Take 5, 5-4-3-2-1 grounding, movement, and more. They're the bridge between noticing and doing: Right Now opens straight into the matching tool for the moment, and when the Self-Reflection shows a domain running low, these are the one- or two-minute resets that help someone settle before getting back to learning.

Next: Fill out the Specialists & Support Staff Feedback Form. Thank you for your perspective across classrooms and tiers.
