

QUICK-START

Universal Check-In

For Adults (Self-Use)

Welcome. Here's the five-minute way to take your first check-in for yourself.

1

Open the site

Go to architectureofgrace.org.

2

Take it for yourself

Tap **Take the Check-In** › **For grown-ups & teams**, then **Quick** or **Thorough**.

3

Answer honestly

Nothing is shared; your responses stay on your device.

4

Catch your breath

Read your results, and try a tool from the **Tools** menu (breathing, **Take 5**) if you'd like.

5

Make it yours

Use **Personalize** (sliders icon) — set the **Word of Grace** to **Adult** and pick an accent color.

Pair it with the Calm & Regulation Tools

Under **Explore** › **Calm & Regulation Tools** you'll find short, guided resets — breathing, **Take 5**, **5-4-3-2-1** grounding, movement, and more. They're the bridge between noticing and doing: **Right Now** opens straight into the matching tool for the moment, and when the **Check-In** shows a domain running low, these are the one- or two-minute resets that help someone settle before getting back to learning.

Tried it and want to share how it went? Open the **Pilot Program** page, choose your role, and send feedback — fill it out online right there, or print the form.

Thank you for taking a moment for yourself.
